SUMMARY

React JS developer with 3 years of experience in developing scalable, user-focused web applications. Proficient in modern Frontend technologies including React.js, Redux, TypeScript, JavaScript (ES6+), Styled Components, HTML5, and CSS3. Skilled in writing unit and integration tests using Jest and React Testing Library.

TECHNICAL SKILLS

Web Technologies: HTML5, CSS3, JavaScript, React.js, Redux, Styled Components, TypeScript

Testing & Tooling: Jest, React Testing Library, Babel, Webpack, NPM

Others: Git, Github, Redux Sagas, Rest APIs, Agile, Responsive Web Design

PROFESSIONAL EXPERIENCE

Talentrise Technokrate Pvt Ltd, Nagpur, Maharashtra: React JS Developer Internship

Jun 2024 – May 2025

- Created a responsive, scalable admin and user platform using Tailwind CSS, Context API, and React.js, increasing user interaction by 35% and internal process efficiency by 40%.
- Implemented secure authentication, role-based access, and OTP login, increasing platform security and decreasing cases of unauthorized access.
- Integrated end-to-end shopping, order tracking, lead allocation, and HR functions, increasing customer satisfaction and decreasing manual errors by 60%.
- Authored unit and integration tests using Jest and React Testing Library (RTL), reducing production bugs by 30%.
- Advocated clean architecture, reusable components, and performance-focused coding practices within Agile teams.

Tata Consultancy Services, Hyderabad , Telangana: System Engineer

Jan 2021 – May 2024

- Developed and maintained client-side features using React.js, contributing to the delivery of scalable, high-performance web applications and improving user experience by 30%.
- Collaborated with cross-functional teams in Agile sprints to ensure timely and quality releases increasing delivery efficiency by 25%, and used Git for version control and task management.
- Participated in code reviews, bug fixing, and end-to-end testing cycles to ensure adherence to software quality standards and reduce production defects.
- Contributed to system configuration and enhancement during the development lifecycle, focusing on modular and reusable code practices, resulting in a 20% reduction in development time for future features.

PROJECTS

Zotto – E-Commerce Platform for Women’s Care Products

Mar 2025 – May 2025

Constructed a contemporary, mobile-first commerce platform for high-end women's care products

- Ensured secure user authentication through login, OTP authentication, and secured sessions.
- Crafted cart, checkout, and order tracking functionality with real-time order status updates.
- Implemented completely responsive UI through CSS Flexbox, Grid, and media queries.
- Constructed reusable React components for filters, modals, and status indicators.
- Obtained a seamless user experience with lazy loading and optimized rendering.

Lead and Employee Management System

Jan 2025 – Mar 2025

Created a web application to automate HR, lead tracking, and employee activities

- Implemented role-based access control and activity logs for employees and HR teams.
- Developed dashboards with batch operations, filters, and dynamic data tables.
- Implemented onboarding/offboarding flows and departmental management tools.
- Utilized React.js, Tailwind CSS, Context API, and React Hook Form for dynamic UI.
- Ensured high performance and maintainability through modular, reusable components.

Netflix GPT – AI-Powered Movie Recommendation App

Oct 2024 – Dec 2024

Developed a Netflix-inspired web application featuring GPT-based movie recommendations and multi-language sup- port.

- Integrated TMDB API to fetch and display movie data dynamically.
- Implemented user authentication and profile management using Firebase.
- Developed a GPT-powered search feature for personalized movie suggestions.
- Ensured responsive design with Tailwind CSS and managed state using Redux Toolkit.
- Added multi-language support, enhancing accessibility for a diverse user base.

EDUCATION

MBA, Human Resource Management and Finance

Jain University, Bangalore

Aug 2021 – Oct 2023

7.4 CGPA

B.Tech, Electronics and Communication Engineering (ECE)

S R K R Engineering College, Bhimavaram

Jun 2016 – Aug 2020

7.4 CGPA

Intermediate (MPC)

Aditya Junior College, Amalapuram

Jun 2014 – Mar 2016

96%

Secondary School Certificate (SSC)

Sarada Convent High School, Amalapuram

Jun 2013 – Mar 2014

98%
